

Specialty Intern – Anaesthesia (m/f/d)

FRONTIER Small Animal Specialists is a modern referral and specialty centre for dogs and cats in the east of Munich. In cooperation with our referring veterinarians, we share the goal of providing the highest standard of patient care. Our team of internationally recognised specialists covers the fields of Surgery, Neurology, Internal Medicine, Diagnostic Imaging, Anaesthesia, Oncology, and Physiotherapy. We are equipped with the latest technology and remain up to date through continuous training and research. Love for animals, strong teamwork, mutual respect, and professional development are core values at our clinic.

Are you interested in further specialising and gaining a deeper insight into the field of anaesthesia?

Starting **January 2026**, we are seeking a **Specialty Intern in Anaesthesia (m/f/d)** to join our team.

Your responsibilities

- Support within the Anaesthesia Service, including pain management
- Close collaboration with the service's senior clinicians and veterinary nurses
- Care of patients within the assigned service
- High willingness to learn and a hands-on mentality
- Participation in a rotating shift schedule

Your profile

- Completed veterinary degree
- German veterinary licence ("Approbation")
- Ideally at least 2 years of professional experience and/or completion of a rotating internship
- Initial experience in anaesthesia
- High willingness to learn and a hands-on mentality
- Strong teamwork and communication skills

What we offer

We offer a clinical Specialty Internship in Anaesthesia under the guidance of a residency-trained anaesthetist. Our Specialty Interns are assigned to their respective department. Alongside hands-on training in day-to-day clinical work, the ongoing education of all Specialty Interns is of particular importance to us. This includes regular participation in in-house training sessions, journal clubs, and book clubs. In addition, all our interns have access to our constantly growing Vet Meet Library with more than 200 webinars.

Contact

Does this sound appealing? We look forward to receiving your application, including your CV, addressed to Stephanie Kellner at **personal@frontier.vet**.
