

St. George's University

Grenada, West Indies

SVM –Assistant/Associate Professor of Veterinary Biomedical Sciences, Anatomy, Physiology, & Pharmacology

St. George's University invites applicants for a full-time Assistant/Associate Professor of Veterinary Biomedical Sciences, in the Anatomy, Physiology and Pharmacology (ANPH) department in the School of Veterinary Medicine.

Job Description

Overview:

St. Georges University, School of veterinary medicine invites applications for a full-time, faculty position at the rank of Assistant or Associate Professor in the Department of Anatomy, Physiology and Pharmacology. We seek a strong team player, an innovative educator and researcher with expertise in physiology, particularly as it relates to animal health, veterinary education, and biomedical research. The successful candidate will contribute to multidisciplinary teaching, developing productive research, and service programs that can integrate with activities of other departments across SGU campus.

Objective:

- Serve as an Assistant or Associate Professor of Veterinary biomedical sciences with emphasis on Veterinary Physiology within the Anatomy, Physiology and Pharmacology (ANPH) Department.
- Contribute to the department's scholarly activities, including teaching within the DVM program and research.

Instructional Responsibilities:

- Assist in teaching body system modules during the first and second spirals of the DVM curriculum, with an emphasis on Veterinary Physiology. Contribution in teaching across ANPH disciplines, anatomy, physiology, and pharmacology and toxicology is expected.
- Contribute to the development, teaching, and administration of the department's postgraduate degree programs.

Supplemental Teaching:

- Contribute to instruction across the DVM, graduate, and pre-veterinary programs.
- Participate in Integrated Team Instruction, focusing on small-group, collaborative learning methods.

- Engage in teaching Clinical Skills and Professionalism as part of the broader curriculum.

Research and Scholarly Activities:

- Promote and support research initiatives among faculty and graduate students within the ANPH Department and through interdisciplinary collaboration with other departments and schools.
- Provide mentorship to faculty and graduate students, especially junior faculty, fostering development in teaching, research, and postgraduate programs (MSc and PhD).
- Contribute to the research activities of the department, and develop projects that provide research opportunities for veterinary students.

Service:

Actively participate in university service, including:

- Faculty meetings and committee work as assigned by the Dean.
- Administrative duties as designated by the Department Chair or Dean.
- Outreach efforts within local and regional communities.
- Academic advising for students in the DVM program.

General Expectations:

- Foster a supportive learning environment and maintain student engagement in alignment with the SVM Faculty Handbook.
- Uphold and promote the policies and procedures of St. George's University.

Qualifications:

- A DVM (or equivalent degree) and either MSc or PhD are required. PhD in Veterinary physiology is desirable.
- Demonstrated excellence in teaching veterinary physiology.
- Proven research track record, including success in mentoring students in research.
- Strong interpersonal, leadership, communication, and negotiation skills.

Special Instructions to Applicants:

- This is a full time position in the Caribbean island of Grenada.
- To ensure full consideration, complete application materials including CV, Cover Letter and names and email address of three references must be submitted.
- Salary is competitive and paid in US dollars.
- Review of applicants will be ongoing until the position is filled.
- Apply via [this link](#)
- For further information about this position or the application process, please contact facultyrecruitment@sgu.edu.

OVERVIEW OF ST. GEORGE'S UNIVERSITY

PURE GRENADA

Grenada, the isle of spice, is a hidden gem located in the south of the Caribbean with easy and convenient access to North and South America. Our International Airport offers direct and/or connecting flights to a number of major hubs in the world.

The island boasts of pure and authentic beauty, lush vegetation, tranquil and hospitable people, and a warm climate year-round. It is one of seven countries who met the World Health Organization's air quality standards in 2023.

It's 133 square miles offer residents a balanced lifestyle with opportunities for various outdoor activities at any one of the island's 40 white sand beaches, 15 breathtaking waterfalls, more than 30 unforgettable dive sites, or extensive tropical rainforest. Sailing and sports fishing are also popular activities as Grenada is known as one of the best deep sea fishing locations in the Caribbean.

With a population of roughly 110,000, Grenada is statistically safer than many major cities around the world and boasts of a low crime rate.

Grenada is a family-friendly location, with numerous [public and private schooling options for children](#).

Non-Grenadian employees pay 15% income tax of gross income. There is no tax on personal foreign income or capital gains.
