

Veterinary Diagnostic Imaging Specialist – Madrid, Spain

UNAVETS is looking for a **Veterinary Diagnostic Imaging Specialist** to join Veterios Veterinary Referral Hospital in Madrid, Spain.

Veterios is a multidisciplinary veterinary referral hospital with more than 50 professionals, including EBVS Diplomates, and state-of-the-art diagnostic imaging equipment, such as a 32-slice CT scanner and a 1.5T MRI.

Requirements

- Veterinary degree (DVM or equivalent).
- EBVS/ABVS Diplomate (ECVDI/ACVR), Residency-trained, or AVEPA accredited/in the accreditation process in Diagnostic Imaging
- Essential experience in the interpretation of advanced diagnostic imaging studies (CT and MRI), as well as ultrasound and radiographs.

Responsibilities

- Perform and interpret ultrasound, radiographs, CT and MRI studies.
- Support clinicians and referring veterinarians with imaging interpretation.
- Work as part of a multidisciplinary referral team.
- Participate in the department's future on-call rota, together with other members of the Diagnostic Imaging team, including weekends and public holidays.

Working schedule

- Full-time or part-time position, depending on the candidate's availability and experience.
- Work shifts in the morning or afternoon, according to the needs of the hospital.
- In the future, the position may include participation in an on-call rota covering weekends and public holidays, shared with other members of the department.

We offer

- Permanent **full-time or part-time** position.
- Competitive salary based on experience and working hours.
- Private health insurance and flexible benefits.
- Continuous professional development through OneAcademy UNAVETS.

Application deadline: 31 october 2026.
