

Offer – Specialized Internship in Veterinary Dermatology

Academic year 2025-2026

THE TRAINING COURSE

This internship represents an excellent opportunity to receive a high-quality training under the expertise and supervision of Dr. Isabelle Remy (CES in Dermatology). The candidate will play a key role in consultations, patient follow-up, and mentoring students. In addition to dermatology consultations, the candidate will also participate in internal medicine consultations. This training can be seen as a preparatory year for pursuing a residency program.

VETERINARY UNIVERSITY CLINIC

The Veterinary University Clinic (CVU) at the University of Liege is a renowned institution for veterinary care, education and research. With specialists from various disciplines, we offer advanced diagnostic and therapeutic services for animals and provide a training ground for future veterinarians and specialists.

COMPETENCES

- Holding a degree in Veterinary Medicine (or equivalent) and being approved for accreditation in Belgium
- Completion of a one-year rotating internship in small animals (or equivalent)
- Excellent organizational and communication skills, interpersonal relations and autonomy
- Proficiency in French (B2) language is essential as well as basis in English
